Carryover MaxSM from Delta Dental allows you to increase your benefits.

This valuable benefit feature allows you to carry over a portion of your unused standard annual maximum benefit limit into the next year, and beyond. You can accumulate part of your unused benefit dollars from a healthy year and use it for larger, more expensive procedures in the future- such as bridges, crowns, and root canals.

The benefits outlined above are a summary of the quoted plan design. Full details on the plan of benefits and applicable policy provisions, including limitations and exclusions, are provided in the group contract.
